

## NEPAL

Dear Gordon,

We have just returned from Nepal where we were able to visit Bal Jagran School in Chagare. This is the school where we built two classrooms with the funds that you kindly donated. The school community are very appreciative of the support that you have given them.

As you know the school is in a fairly remote area, which can only be reached by driving for approximately one hour from the road head, in a four-wheel drive vehicle, on a very rough track.

Bal Jagran School is a primary school that serves three villages in this hilly area, all within a 20 to 30 minute walk. Without your funding the children would have to walk a further 45 minutes to the nearest secondary school they will attend after completing Class 5 at Bal Jagran. If this school had not been built many of the young kids would probably not attend school.

Although the classrooms are in a very simple style, it was good to see them in use when we visited.

Thank you on behalf of Children of Nepal Charity.
